John Mark Nolasco

IT STUDENT | ASPIRING WEB DEVELOPER

johnmarknolasco134@gmail.com

PROFILE

IT student developing practical skills in web development, programming, and everyday technology. I enjoy learning by building, solving problems step by step, and improving projects through practice. Working toward a career creating clean, useful, and user-friendly digital solutions.

SKILLS

Web development: HTML, CSS, JavaScript, responsive page layouts

IT fundamentals: Basic troubleshooting, PC assembly, hardware components

Tools: VS Code, Git, GitHub

Other: Microsoft Excel, basic formulas, problem solving, planning, teamwork

SELECTED PROJECTS

Car Rental System

Web development project

Web-based car rental project.

THREADLINE Clothing Store

Front-end demo

Clothing store demo with a product catalog, cart, and simulated checkout.

Namitgid Food Ordering System

Web development project

Food ordering system project.

Food Delivery Data Analysis

Excel project · 50 sample orders

Cleaned and summarized data, compared order patterns, and created charts and a dashboard.
